FOR IMMEDIATE RELEASE

Wyoming Minor Ball Association Introduces New Logo

Wyoming, ON — The Wyoming Minor Ball Association (WMBA) is pleased to unveil its new logo, marking an exciting step forward for the organization and the communities we serve.

The refreshed design reflects the energy, pride, and tradition of Wyoming Minor Ball while giving the association a modern look that will represent WMBA for years to come. The new logo will appear on team uniforms, apparel, and association materials beginning this season. In keeping with our rooted heritage we will continue to incorporate the Lady Wrangler and Wrangler throughout.

WMBA remains committed to providing a positive and inclusive environment where young athletes can develop their baseball skills, build friendships, and foster a lifelong love of the game. The updated logo symbolizes both the association's strong history and its continued growth.

"We're proud to introduce a logo that represents the spirit of our players, coaches, volunteers, and families," said Matt Helps, President. "It's a fresh look that reflects our baseball community and the bright future of baseball in Wyoming."

The Wyoming Minor Ball Association thanks its volunteers, supporters, and community members for their ongoing commitment to youth baseball and looks forward to an exciting season ahead.
